"Wilt thou be true?" "Wilt thou be true?" we ask of the billow, And launch our bark upon the crystal tide; But many a sea weed shroud and coral pillow Have met the lips that trusted while they cried,

"Wilt thou be true? "Wilt thou be true?" we ask it of the Heaven That shines all bright and beaming on our way; But clouds that gather, dark and thunder-riven. Bid us regret that e'er asked the ray,

"Wilt thou be true?" oh! ask of my bosom. Let thy warm faith believe Affection's sigh; And thou shalt find it shame the scented blossom, The sparkling ocean and the smiling sky: "Wilt thou be true?"

A WITTY JUDGE.—The late Judge Dooly was remarkable for his wit; at one place where he attended court, he was not well pleased with his entertainment at the tavern. On the first day of the court, a hog, under the name of pig, had been cooked whole and laid upon in the United States. the table. No person attacked it. It was brought the next day, and the next the results of their labor, skill, ingencity, and taste, from all portions of the Union, are cordially invited and it was also on the table the very day on which the court was adjourned As the boarders finished their dinner, Judge Dooly rose from the table, and in a solemn manner addressed the clerk. "Mr. Clerk," said he, "dismiss the hog upon his recognizances until the first day of next court. He has attended so faiththink it will be necessary to take any security."

A PATRIARCH LOCATED.— clergyman, preaching a sermon on some particular patriarch, was extremely high in his panegyric, and spoke of him as far excelling every saint in the calendar. He took a view of the celetial hierarch, but in many he could not exceed to the serious of the in vain; he could not assign to his saint a place worthy so many virtues as he possessed; every sentence ended thus: "Where, then, can we place this great patriarch?"

One of the congregation, tired at last of the repetition, exclaimed: "As I am going away you may put him in my pew."

BOARDING OUT WEST .- A traveler dismounting at a tavern, calls out: "Halloa, Landlord can I get lodgings here to-night?" Landlord—" No sir; every

your bar-room?" Landlord-"No sir; there's not a square foot of space unoccupied any where in the house." Traveler-" Then I'll thank you to shove a pole out of your second-floor window,

"I did, sir." "What bones?" "Whalebones, sir."

More Foreigners.—Two lions, attended by a silver jackall and a laughing hyena, have arrived at Boston in the Springbox, from the Cape of Good Hope.

The Boston Chronicle gives an account of a lady in that city, who, though of very moderate pecuniary means, and never blessed with any superior advantage, has by her extraordinary enterprise and perseverance been instrumental in carrying out the construction of at least four churches, and providing for several superannuated and indigent clergymen. This she has done by her personal efforts in soliciting subscriptions, and awakening an interest in various charitable societies.

DRIED APPLES .- Apples should be dried as soon as possible after they are cut, to have them light colored; stoves and kilns should be used in preference to putting them out on scaffolds to run their chance for rain or sunshine; and as soon as dried, they should be boxed up tight, to keep them from the insects which deposit their eggs among them, and produce the worms which spoil so many of them. In this way, they may be kept for years with perfect safety.

WR. D. C. The estimate that is now accorded this preparation by the medical profession and by others competent to judge of its merits, may be seen in the fact that it has been prescribed by many of our most eminent Physicians in this country, and has attracted the attention of a celebrated profession of the Mdinburg College, Scotland, by whom it has been successfully used in a career of an aggravated The proprieter bas been forced to make more ex-

VINCENNES, INDIANA, Oct. 8, 1854. J. L. Kidwell-Dear Fir: Some three months ago, through the agency of Col Smith Miller, our representation in Congres. I had purchased of you, for the use of my father in Scotland, one dozen Pottles of Beech Drop or Cancer Preparation. I have a letter from my brother, stating that the physician deadd that my ather has tried every physician of dis-tinction in Scotland and England, including Professors of Edinburg and Collieges, without relie'. This case will give your preparation a popularity in Britain which no other medicine has. Direct to William Dick, Esq, Collydean, by Leslie Scotland, in care of Messrs. Penfoed, Clay & Co., Druggists, N. York, who will forward it.

Mr. Flint is a man of great influence in his county, and will with pleasure communicate with any one in reference to his case. CALLAWAY COUNTY, MISSOURI,

July 18th, 1854. Dear Sir-With great pleasure I inform that your preparation of Beech Drop has accomplished for me what I thought beyond the reach of human agency. For the last twelve years I have been afflicted with Scrofula of a Cancerous form. So extensive was the ulcers and so horrible my appearance that my case became notorious with all the Faculty in this and the adjoining counties—in fact I had obtained the best medical aid in our State, without any abatement of the disease. Through a friend I procured a half dosen bottles of your Beech Drep, after using it, so perfect was the cure, that hundreds visited me. My desire is to benefit my fellow man; with that purpose I beg all afflicted with Scrofula in any form

to use it. Enclosed you will find an order from some friends for the preparation. Very truly, JNO. C. FLINT.

INVIGORATING CORDIAL A PHENOMENON IN MEDICINE. LIBALTH RESTORED AND LIFE LENGTHENED, by DR. MURSES INVIGORATING

LIXIN OR CORDIAL.—At first the seattributed to Pro'. MORRE'S INVIGORATING - Licoftan acceived, sould not believe the simple Bue facts, undeniable facts attested by witnesses of the highest class and character, are now triumphing over all doubts. INCREDULITY IS OVER-THROWN by a mass of testimony which is perfectly irresistable.

The Silvin remedies, in all cases, the deplorable evils arising from a misuse or abuse of the various organs which make up the wonderful machine called man. It restores to full vigor every delicate functien connected with that mysterious compound agency of matter and mind, necessary to the repre-duction of human life. To persons of feeble muscu-lar frame, or deficient in vital power, it is recommended as the only means of communicating that energy which is necessary to the proper enjoyment of all the natural appetites, as well as the higher mental attributes. Its beneficial effects are not con fined to either sex or to any age. The Reble girl the ailing wife, the listless, ernevated youth, the overworn man of business, the victim of nervous dereesion, the individual suffering from general desility, or from the weekness of a single organ, will all find immediate and permanent relief from the use of this incomparable renovator. To those who have a predisposition to paralysis it will prove a complete and unfailing safeguard against that terrible maledy. There are many, perfects, who have so trifled with their constitutions, that they think themselves beyond the reach of medicine. Let not even these despair. The Elixir deals with disease as it exists, without reference to causes, and will not

MORSE'S INVIGORATING BLIXER will replace weakness with strength, incapacity with efficiency, irregularity with uniform and natural sctivity, and this not only without hazard of reaction but with a happy effect on the general organization.
